

FACULTATIVE PROGRAMS

Bundled Facultative Solutions

What is a Gen Re Facultative Program?

Our Facultative Program combines the individual underwriting and pricing approach of facultative reinsurance with guaranteed capacity and transactional efficiency. A hybrid of individual risk facultative and treaty reinsurance, a Gen Re Facultative Program provides a sensible solution on the high volatility portion(s) of your risk portfolio.

A Berkshire Hathaway Company

Benefits of a Gen Re Facultative Program

Flexible

- > Coverage tailored to your needs by line of business, by risk category, etc.
- > IR or portfolio pricing (depending upon unique book characteristics)
- > Enhanced facultative contract wording
- > Provides immediate responses to your reinsurance needs

Cost effective

- > Pay as you go
- > Premium charged only on risks and limits exposing the reinsurance layer

Dependable

- > Facultative, per policy, response to loss
- > Guaranteed capacity for all risks within agreed parameters

Streamlined administration

- > Efficient processing saves time, effort and money
- > Clear and easy reporting standards agreed in contract

Agreements are mutually reviewed every year

- > Constant updates to reflect current needs

Gen Re Connect is a customized Internet application designed to facilitate risk placement within our Facultative Program product.

GEN RE. **CONNECT**

- > **Customized** – Familiar terminology and format
- > **Instant responses** – Quick turnaround, competitive advantage
- > **Speedy functions** – Increased efficiency (quote, bind, renew, endorse, cancel)
- > **Accommodates multiple users** – Real-time coordination within teams
- > **Reporting capability** – Tracking of activity (quotes, binders, renewals etc.)
- > **Easily implemented** – Straightforward, limited training
